Since its establishment, expansion in various fields of Shipping and Forwarding has been the hallmark of MTB. Our team of experts is well-connected with our global network and takes necessary steps to clearly understand the nature of your requirements and provide customized solutions for every requirement of your shipments. We always take pride in fulfilling your expectations and meeting your demands, focusing on results by implementing practical solutions rooted in expertise and industry know-how. Hence, the approach by our professional team ensures a consistent level of performance and a personalized service to your entire satisfaction, thus offering a worldwide freight forwarding service.

OUR MISSION

Everything that is moved from one place to another needs the help of freight forwarders. our mission as a world forwarder company is to provide our customers a competitive advantage and creative solutions with highest quality services through superior transportation and freight forwarding services. with 40 years of experience and knowledge in logistics industry we strive to achieve our goals in a team invironment with commitment to contined improvement of external and internal communications.

OUR VISION

Our vision is to be the industry expert in the international freight forwarding and the leading provider of delivering trust and safety. Our team of professionals is totally committed to provide you a service that far exceeds your expectations.

PRESENTATION Service

MTB is a company with many diversified shipping activities. It would be our pleasure to serve you with the best possible freight charges and services. In order to have better services, at destination we have four offices in Tehran, IKA airport, Bazargan border and Bandar Abbas. Also, we have two valuable certificates from FIATA and IATA.

Sea freight: large volumes at low costs, ability to handle oversized, heavy or bulky cargo – often referred to as breakbulk or Not in Trailer (NIT) loads.

Air freight: The fastest shipping method, Low insurance premium means large savings, High level of security and reduced risk of theft and damage, Less need for warehousing and fewer items in stock.

Rail freight: Trains are capable of hauling large loads. cost effective.

Road freight: Suitable for Short Distance Shipment, Saving in Packing Cost, Private Owned Vehicles.

Transit: is a delivery operation which happens between two places which are not port of destination and port of origin. Transit is a common situation for land transport between a country without access to the sea and those that have access.

Cargo insurance: provides a sort of stop-gap that goes above and beyond the minimum requirements for carrier liability.

Custom clearance: preparing and submitting required documents, on behalf of the owner of the goods, in order to facilitate export and import to the country and carrying out customs formalities. including.

SEA SERVICE

Service

Regardless of origin or destination, we are your single point of contact to represent you as your local agent, book your cargo general merchandise and specialized cargo like automobiles, perishable freight, hazardous and/or oversized and overweight goods, arrange for pick up, manage the inland transport, warehousing and packing, arrange custom clearance and manage shipping documents. By having good agents and facilities in all Iranian ports such as: Bandar Abbas, Bushehr, Chabahar, Mahshahr, Amirabad, Anzali, we can help you determine the best routing for your shipments.
